PROJECTS

DawgRide

Dec 2024 – Mar 2025

Software Developer

- Designed a platform built upon existing UW NightRide and SafeTrip services to improve accessibility and reduce transportation barriers.
- Developed a React Native mobile app with Expo, integrating React Native Maps for interactive mapping of UW campus shuttle routes.

Smiski Grove

Sep 2024 – Dec 2024

Software Developer

- Designed and developed a gamified platform for Smiski collectors, enhancing user engagement and improving figurine tracking and organization.
- Built and deployed a full-stack web application using HTML, CSS, JavaScript, React.js, and Firebase, incorporating user authentication, data management, and interactive game features.

WORK EXPERIENCE

Undergraduate Teaching Assistant

Seattle, WA

University of Washington iSchool

Mar 2025 – Current

- Lead lab sections for 35+ students on advanced querying with MySQL and relational data modeling, fostering an engaging and supportive learning environment.
- Grade weekly coding assignments and debug code to provide meaningful feedback to students.
- Hold office hours to provide one-on-one support to students twice a week.

Seasonal Product Specialist

Bellevue, WA

Apple

July 2024 – Jan 2025

- Identify and address customer needs by offering personalized solutions and guidance through product selection.
- Facilitate device setup and software installations while troubleshooting issues.
- Conduct Vision Pro demonstrations, effectively showcasing advanced product features and capabilities to enhance customer experience.

Hostess, Server

Bellevue, WA

Supreme Dumplings

May 2023 - Sep 2024

- Manage Yelp reservation system as hostess, attending to customer needs and ensuring efficient table turnover.
- Regulate a high-volume section as server, communicating with kitchen staff to confirm timely and accurate delivery of orders, establishing guest satisfaction.

Post-Liver Transplant Student Assistant

Seattle, WA

UW Medical Center

Feb 2022 – May 2023

- Enter Post-Liver Transplant lab data into Epic for physician review, and coordinate with external laboratories to expedite the location and input of pending results, ensuring accurate and timely documentation.
- Manage immunosuppression review reports and follow up with patients to address overdue lab tests and ensure adherence to UW care standards.
- Educate patients on lab protocols and dose change procedures, effectively conveying physician's results notes and providing guidance on scheduling future bloodwork.
